GIVES CUBA FULL POWER

Complete Realization of the Policy of the Autonomists.

IT IS BROAD AND LIBERAL

or Dupuy De Lome States That the New Plan Will Give Cuba Greater Legislative Power Than That Enjoyed by Canada.

Washington, Nov. 29 .- Senor Dupuy de Lome, the Spanish minister, has received a long, dispatch from Madrid, wing the plan of autonomy which ain is about to apply to Cuba.

Speaking of the new laws the minis ter said to-day: "One of the recent criticisms of the new reform law is that his plan of autonomy is the same as id plan, with some change of detail. As a matter of fact, the new plan a complete realization of the f the autonomists. The old plan of utonomy gave to Cuba an advisory ody. It did not give final autonomy in naking laws, but merely advised. Now, owever, the new law proposes to give Cubs a parliamentary body of full law-making power. The completeness of his legislative power is as great, if not prester, than that enjoyed by Canada or by any state of the United States.

This is really shown by comparing the lan of the new law with that of the ritish North American act of 1867, hich established the present parlia-entary system of Canada.

ald be observed that this gives the Cuban parliament entire control the tariff, with the condition that pain not exceeding 35 per cent. It understood that these preftials are not an unusual feature. en under the last reciprocity treaty tween the United States and Cuba. hich is conceded to have been the oet satisfactory treaty made by the nited States, there was a preferential 7 50 per cent. to Spain. Moreover, it could be understood that the preferntial duties do not cover all the tariff chedules, as they did when the United tates and Cuba had a reciprocity that we want to be a pumpler of attempts of at reaty, but cover only a number of ar-icles. These articles doubtless will be cheap so as to affect trade between the United States and Cuba, so that hile Spain enjoys the preference from er colony, it will not be a preference against the United States."

When it was suggested to the min-ter that among certain classes no plan autonomy was acceptable, he said:
Certainly there are irreconcilables on
oth sides—Spanish irreconcilables and
uban irreconcilables, but they are not
uban irreconcilables. e at large and the material inhe people at large and the material in-crests of Cuba that are at stake. The ubans say they will not accept this aw. They do not point out or suggest emedies. They simply refuse to accept t. They are not open to argument or

"That an investigation of the law will low its broad shape and liberal propo-tions is shown by a dispatch just re-sive from a friend at Madrid," con-nued the minister. "He states that Mr. Gloerasa has made a statement in the Liberal strongly approving the new law. This Mr. Giberasa is one of the most prominent antonomists of Cuba. He was elected as an autonomist to the cortes, but declined, owing to his hostillity to the former government. Lately he has been in Paris, and now gives this strong approval of the home rule law."

Immediate Reforms.

Washington, Nov. 29.—Spanish Minister retary Day to-day. It is the plan of Captain General Blanco to take steps for the immediate execution of reforms, and to do this legally, a provisional arrange-ment will be made. The captain general will appoint directly a full acting cabinet and with them will have at hand the means for a fully equipped executive gov-ernment which will last only till the elecns shall have resulted in the choice of a new government.

A Terrible Fate.

Liverpool, Nov. 29.-Letters received there to-day in the West African mail oring terrible news concerning the Cu-can exiles on the island of Fernando, a Spanish colony. It is stated that 150 out of 250 exiles sent there are dead and the survivors complain bitterly of their treatment. Some of the exiles wers trans-ported from Cuba without trials and were landed at Fernando to live as best they The dead were buried without

Has Accomplished Much.

Washington, Nov. 29 .- Senator Lodge, a member of the committee on foreign re-lations in the senate, was at the state department to-day. He would say noth-ing about the Cuban situation except that the administration had accomplished a great deal. He said the first business of the senate would be to confirm the anexation of Hawaii, which would be done

Landed an Expedition New York, Nov. 29.—A dispatch to the Herald from Jacksonville says that the Dauntless landed a large expedition in Cuba Sunday night.

HAS NO AUTHORITY.

The French Protectorate Over Tunis Does

Not Give It Power to Denounce the

Treaty With the United States.

Washington, Nov. 29 .- While our gov washington, Nov. 22.—while our gov-ernment has not been advised officially of the intention of the French govern-ment to denounce the treaty of trade and commerce which has existed be-

tween the United States and Tunis for

a century some action in that direction is looked for, in view of the fact that

the subject for a long time has been under consideration by the state de-partment and the French embassy. Thus far these negotiations have come

to nothing, for our government has taken the position that there is no au-thority in the French government in

its present relations to Tunis, for de-nunciation of a treaty between the United States and Tunis direct.

that every other nation that has had a similar treaty with Tunis has consented

to its denunciation of termination, but

our government still stands firm in the

assertion that only the parties to a treaty have a right to terminate it, and

that the quasi-protectorate exercised by

France over Tunis is not a relation suf-

ficiently close to warrant the former in denouncing the treaties of Tunis. There is very little at stake, save the

principle, inasmuch as when the treaty dies, the United States will still be on

an even footing with other nations in its relations to Tunis, but it was prob-

PLENTY OF PROVISIONS

Enough Food Available to Last Until the Chilcoot Aerial Tramway Is in Operation-The Work Being Pushed Rapidly.

Tacoma, Wash., Nov. 29.-E. E. Chamberlain of this city has just returned from Lake Linderman, where he went to meet James McKay, who now owns and runs the largest land transportation business in the Yukon basin. He was the first man to make a winter trip from Circle City to Juneau, January, 1895-96. The people of Circle City thought him crazy and talked of preventing him from attempting it, but he not only tried it in spite of them, but ceeded in making it pay handsome-Last winter he hauled provisions with dog teams from Dawson to Circle City with equal profit, sometimes getting as high as \$45 for a 50-pound sack His teams now run all winter be-

tween Circle, Dawson and the mouth of the Pelly river. His last trip to Ju-neau by boat was as far as Lake Bennett. He had 11 men employed on the expedition. One purpose of it was to cache dog food along the route as far as Linderman to feed his teams for this winter's business. Another was to take back merchandise on his own ac-count. He took with him on the return trip not less than 10,000 pounds, consisting of articles of food and clothing. The food was made up mostly of dain-ties and articles that the trading companies do not supply, in which there was certain to be a large profit. Chamberlain says McKay said nothing to him about a possible famine in Dawson, but this was for the reason that it was not known when he left that the boats would not get up. He is sure that if he had known it he would have taken back more substantial supplies than he did take. If there is danger of fam-ine now he believes McKay has teams and facilities enough to haul the sup-plies stored at Fort Yukon to Dawson as fast as they will be needed. The most alarming of the reports sent out about the prospective famine say there is food enough on hand for all for four months and that if 2,000 of those now at Dawson reach Fort Yukon, 350 miles away, all will have plenty. These reports are dated about October. Many would therefore have three months in which to get up supplies from the fort before

here would be any actual want. Chamberlain does not think there is more than two or at most three boat-loads of provisions at the fort. All the other boats were stopped further down the river, at Minook creek and below. But even this need alarm nobody, as it will be only a little longer haul from Lake Linderman, where, after Feb. 1 and probably as early as Jan. 15, plenty of provisions can be delivered by the ing. All the machinery and supplies for this line were forwarded from here last week. By the contract it is to be fin-ished Feb. 1, but in view of the alarm-ing reports from Dawson, President Wallace to-day completed arrange-ments with Nelson Bennett, the oldest and at one time the largest of railroad contractors on the Northwest coast, to go forward and take charge of the work and if possible complete it two weeks earlier than heretofore intended.

ably our insistence upon just such a principle that obliged France to come principle that obliged France to come makes the headwaters of the Yukon makes the headwaters of the Yukon From only five days from Tacoma. From there Mr. McKay can deliver into Dawson in five days more, as fast as it will probably be needed until the river and the lakes become navigable, which will be in April or May at the latest. If not, there will be enough gold seekers going north by sledges or one foot, all om will carry with them supplies enough to last them till September, to make considerable addition to what the dog trains will supply.

Altogether the prospects that anybody will actually suffer from want of food in Dawson this year are not very great. It must be taken into account that the circulators of these alarming reports emanating from Dawson knew nothing about the cable tramway over the Dyea passes or the immediate relief it would certainly afford them. They still sup-posed they must descend on the lower Yukon. As soon as they know all the facts, as they doubtless do know them now that McKay has returned, and others have brought the news from the south as to the present possibilities of transporation, the fear of starvation will entirely disappear.

tion committee of the Union Pacific rail-way. There is a legal question as to whether the purchasers of the road will not have certain privileges over the Den-A Mutineer Arrested. A RECORD BREAKER.

A Union Pacific Train Shot Across the Country From Cheyenne to Council Blaffs, 519 Miles, in 599 Minutes.

Omaha, Nov. 29.—The Union Pacific has made another record for fast running. A mail train has been shot across the country from Cheyenne to Council Bluffs, 519 miles, in 599 min-utes. This is actual clapsed time and includes all stops. The engines were changed twice and one engineer was relieved. All the regular stops were ade and one extra, when an air brake ose burst and had to be repaired at the expense of over five minutes of

A burned out bridge near Medicine Bow, Wyo., delayed the mail five hours and 30 minutes and the train reached Cheyenne five hours late. It was necessary to reach Council Bluffs on time or pay a heavy fine to the government. Cheyenne to Sidney, 102 miles, was made in 107 minutes. Engines were changed and the run from Sidney to North Platte, 123 miles, was made in 118 minutes. On this run a stop was made at Julesburg to get the Colorado mail. From North Platte to Grand Island, 138 miles, the time was 154 minutes, the engines being changed at Lexington, and other stops being neces-

156 miles, the time was 165 minutes, including a stop of over five minutes to fix the tank hose, regular station stops, a stop by a Missouri Pacific freight train entering the Omaha yards and other annoyances. The mail was land-ed in Council Bluffs with 13 minutes to spare, the actual average running from Cheyenne being a little more that 621/2

miles an hour. The most wonderful burst of speed was shown on the 190 miles stretch be-tween Grand Island and Ames, Neb. This was covered in 92 minutes, actual time. From this must be taken five minutes for the delay with the broken hose at Columbia, making the time 88 minutes for the 100 miles, including all regular stops, or more than 68 miles an

BILLIARD TOURNAMENT.

Five-Cornered Contest to Decide the Championship of the World Begun at Madison Square Garden.

New York, Nov. 29.—The five-corner-ed billiard tournament which will de-cide the championship of the world began to-night in the concert hall of the Madison Square garden. Aside from the glory, the champion billiard player will receive a diamond medal and 50 per cent. of a \$1,200 purse, added to one-half of the gate receipts. The contestants in the tournament are Frank Ives, the present holder of the championship emblem; Jacob Shaefer, George Slosson, Maurice Daly and George Sutton. The 18-inch balk-line game, with the anchor shot practically barred, is the latest game the big ones are asked

Neither of the experis appeared to play anything like the billiards they are capable of. In the 19th inning Schaefer made a run of 79. His 80th shot was the simplest kind of a spread, but vas missed through careless Daly's play grew worse as the game

progressed. It was not until the 21st inning that he succeeded in getting a count of double figures.
In the 33d inning Schaefer gave an exhibition of skill, making a run of 51. His 18th shot was a magnificent long masse, which brought the crowd to its

feet. At the end of the 35th inning the Wizard was nearly 200 to the good. Throughout the game Schaefer us his famous draw whenever he had a chance and exerted his efforts to an unusual degree. Daly, on the other hand, seemed unable to do a thing with his draw. He did not begin to get his stroke until the game was virtually out of reach. In the 42nd inning a threecushion shot, with a drive for position, brought down the house.

In the following inning a masse won reat applause for the New Yorker. great applause for Pretty work in the 44th inning yielded a bunch of 38 for Daly, his longest run during the night. Schaefer went out in the 53d inning. The score was: Scarfer, 500; Daly, 279.

AS DEMOCRATS PREDICTED

Republicans Will Have to Face a Large Deficit Under the Dingley Act.

Washington, Nov. 29.-The forthcoming November statements of the government receipts and expenditures will show that the receipts during November so far have reached \$22,950,850, which indicates a total of about \$25,000,000 for the month. This is a triffing improvement over October, when the receipts were \$24,291,445. The deficit thus far during November stands at \$552,193, which is larger than expected. The deficit for the fiscal year stands at \$46,581,120, the receipts having bein \$127,-701,160, and the expenditures \$18,292,50. The receipts from customs so far this fiscal year undoubtedly will fall considerably short of the estimates made by the managers of the new tariff bill during its pendency in the congress. At the time it was estimated that customs would yield about \$180,000.000 during the first year The indications now are said to be that the receipts from this source will not aggregate more than \$165,000,000.

BROKE THE RECORD.

North German Lloyd Steamer Kaiser Withelm der Grosse's Fast Trip. Southampton, Nov. 29.-The North German Lloyd steamer Kaiser Wilhelm der Grosse, Captain Engelhart, which left New York on November 23, passing the Sandy Hook lightship about 4:39 p. m., arrived here this afternoon, passing the Needles at 3:19. The steamer was delayed 25 minutes in standing by a burn-ing ship, but in spite of this she broke the record for the highest average speed across the ocean, her speed per hour averaging 25.35 knots. The total distance est average speed covered was 3.95 knots and the passage lasted 137 hours 8 minutes, or five days 17 hours 8 minutes, from which, of course, should be deducted the 25 minutes lost in standing by the burning ship, which would have made her actual passage five days 16 hours 45 minutes, though she is only allowed a record of five days 17 hours 8 minutes by maritime experts.

A Reduction in Rates.

Chicago, Nov. 28.-A number of reports were current to-day of reduction in the passenger rates between Chicago and the Missouri river. All of the roads have admitted that this was likely to come at any time as a result of the trouble be-tween the Chicago and St. Paul lines, as some of the strong lines have been seri-ously considering the advisability of making a new reduction between Chicago at the Missouri river, but it is not like it is not likely the Missouri river, but it is a that anything will be done ut ty of Carbon offered quite a re- poration of the St. Marks' parish of Ana- the meeting of the lines on Wednesday

A Notorious Usurer Sues an Officer of the Guards.

TRICKED INTO SIGNING

Clay Called Lord Neville a Swindler. embers of the English Aristocracy Mixed Up in a Sensatio Case in Court.

London, Nov. 29 .- The lord chief justice is hearing an interesting case, which is attracting the attention of the clubmen and members of the aristocracy here. It is the suit of a money lender to recover from an officer of the guards named Clay the sum of £11,113, due on two promissory notes cashed for Lord William Neville. Edward Clarke, representing Clay, examined the plain-

representing Clay, examined the plaintiff, showing that Neville borrowed large sums at from 30 to 40 per cent interest and that in one case recently, the parents of a youth who had indorsed Lord Neville's notes, paid the plaintiff £40,000.

Sir Edward Clarke alleged that Neville secured Clay's indorsement by a trick. Neville, according to counsel's statement, asked Clay to witness his signature to documents of a private character, these documents being covered by a paper in which there was slits, where Clay was asked to see the documents, whereupon he was told the documents referred to a divorce of Neville's sister, Lady Crowley. Clay Neville's sister, Lady Crowley. Clay accepted the explanation and signed without having any idea until he was sued that he was signing promissory

Clay testified in corroboration of the statements made by Sir Edward Clarke and said that after the discovery of the trick played on him he taxed Lord Neville with it, whereupon Lord Ne-ville wrote and asked him to hold his tongue for a short time, as otherwise he (Lord Neville) would be ruined for life. Finally Clay called Lord Neville a swindler.

The co-respondent in the case was a Mrs. Charington. It was brought out in the course of the trial, which began January last, that the Earl Viscount Dagnan was forced to heavily compensate Physilis Broughton, the actress for

Dagnan was forced to heavily compensate Phyillis Broughton, the actress, for breach of promise.

In the trial of the divorce suit Earl Crowley and Mrs. Charington denied the allegations of the complaint. Counsel for the countess asked permission to amend the petition of the plaintiff by introducing a new co-respondent on the following Monday. amend the petition of the plaintiff by introducing a new co-respondent on the following Monday. The request was granted and the jury was discharged. When the hearing of the case was resumed on Feb. 1, Earl Crowley made no contest, but admitted misconduct with the second co-respondent and in August last the countess obtained a decree of absolute divorce with alimn to the amount of £2.200 a year for the amount of £2,200 a year for

Sam Lewis, the money lender in the case on trial in London to-day, is probably the most notorious man of his class in England. During the bankruptcy proceedings against the Marquise of Milesbury, who died in 1894, it developed that Lewis had a claim of £257,000 against the estate, which includes the famous Savernake forest. Lewis in September, 1895, purchased the beautiful residence of Countess Crowley at Maidenhead for £12,000.

LUETGERT'S TRIAL Only Two Jurors Secured so Far-Attor.

ney Phelan Has Withdrawn From the Defense of the Murderer

Chicago, Nov. 29.—The second trial of Adolph Luetgert for the murder of his wife was called before Judge Gary today. The sausage manufacturer was represented by ex-Judge Lawrence Harmon and Attorney May Riese, Attorney Phalen having withdrawn from the case yesterday after a heated interview with Luetgert and the new lawyers. The court room was called to order. Most of the session was taken up by Harmon in arguing that Judge Gary should not try Luetgert on the ground that he was not qualified to sit as a criminal judge. Judge Gary overruled the motion, intimating, however, that he was willing that some other judge should sit in the case, provided counsel for the defense could come to an agreement with the prose-

vided counsel for the defense could come to an agreement with the prosecution as to who should hear it.

It was late in the afternoon when the task of securing a jury was started, but by the time the court adjourned 16 veniremen had been examined and two jurors had been accepted by the state, although the defense has still the privilege of relieving them. The two men are Thomas Bachelor, an insurance solicitor, who said he had only read the headlines in the papers during the former trial and had absolutely no opinion regarding the guilt of the ly no opinion regarding the guilt of the prisoner, and Walter J. Northan, a clerk, who said he could give the accused a fair trial.

Struck a Rich Vein.

Special Dispatch to the Standard. Bozeman, Nov. 23.—Mr. Tom Cooney of Helena arrived in Bozeman yesterday and spent the day in consultation with the members of the Afton Consolidated. which is a group of copper mines located about nine miles from Helena in Colo-rado Gulch. It is reported that on Saturday night this company struck a vein in one of their tunnels which they have been driving for 14 months. It has been announced that the surface showings were very good and their discovery makes it apparent that the company has a mine of considerable magnitude.
